

07) WHICH WAY TO THE BEACH?

Well my bags are packed and the time is near
For me and my baby to disappear to the Beach
That's where I'm going, to the Beach
Where the music's growing, so tell me

Which way to the Beach? Which way to the Beach?
Which way to the Beach? Which way to the Beach?

I've been driving all day in my old Chevrolet
Headin' towards the sun
It'll be worth the drive honey
Just you think of the fun, so tell me

Which way to the Beach? Which way to the Beach?
Which way to the Beach? Which way to the Beach?

We'll be dancin' to the music of Double A
All night long
Oh I hope he plays our favorite song
After that we'll walk the Beach
Hand in hand
Under the moon, under the stars
But first you gotta tell me

Which way to the Beach? Which way to the Beach?
Which way to the Beach? Which way to the Beach?

It's gonna be a party! I can't wait 'til I get there....!

(somebody please tell this guy where to go!!)
