

## 15) KINDA CREEPY

Blind date, you and I.  
Fixate on my eyes.  
Could this be true?  
No need for conversation.  
I read silent inclination.  
I'm just like you.

You're Kinda Creepy...in a good way.  
Your stares are haunting...but that's ok.  
There's nothing wrong with a little creepiness but don't step over the line.  
Get your freaky Creep on. Be yourself. I don't mind.

It's been hard to discover my my my Creepy lover.  
My search has ended.  
When we sing people look at us.  
We do our thing. Creepin' is a must.  
They seem so offended.

You're Kinda Creepy..in a good way.  
Your stares are haunting...but that's ok.  
There's nothing wrong with a little creepiness but don't step over the line.  
Get your freaky Creep on. Be yourself. I don't mind.
