

10) MY BABY CAN DO IT ALL

She can dance, prance, take a chance, romance
By golly she will go very far with her looks that cook
Man oh man my baby can do it all
What a smile, style, serious profile
hey by golly she will go very far with her looks that cook
Man oh man my baby can do it all
My baby is like no other you see
She can do anything from A to Z
She can dance, prance, take a chance, romance
By golly she will go very far with her looks that cook
Man oh man my baby can do it all....oh yea.

What a face, pace, just enough lace
hey by golly she will go very far with her looks that cook
Man oh man my baby can do it all
What a smile, style, serious profile
hey by golly she will go very far with her looks that cook
Man oh man my baby can do it all
My baby is like no other you see
She can do anything from A to Z
She can dance, prance, take a chance, romance
By golly she will go very far with her looks that cook
Man oh man my baby can do it all. My baby can do it all.
My baby can do it all. Yea....
